# Correction: Social factors associated with centenarian rate (CR) in 32 OECD countries

Jong In Kim

After publication of the original article [1], the author noted that several of the figures in Table two (Table 1 here) were incorrect. The corrected table is reproduced here. We apologize for any confusion that this has caused.

| OECD Countries           | Centenarians | Aged 50-54 | CR (50–54)     |
|--------------------------|--------------|------------|----------------|
|                          | 2011 (A)     | 1961 (B)   | (A/B) * 10,000 |
| Japan                    | 49,457       | 4,235,088  | 116.78         |
| Canada                   | 6,030        | 860,932    | 70.04          |
| Switzerland              | 2,180        | 345,347    | 63.12          |
| Australia                | 3,367        | 565,350    | 59.56          |
| France                   | 17,337       | 2,925,417  | 59.26          |
| United States of America | 60,260       | 10,362,197 | 58.15          |
| Israel                   | 643          | 120,048    | 53.56          |
| Italy                    | 14,076       | 3,168,199  | 44.43          |
| Iceland                  | 34           | 7,963      | 42.69          |
| Spain                    | 6,449        | 1,661,656  | 38.81          |
| New Zealand              | 480          | 126,651    | 37.89          |
| Greece                   | 1,737        | 466,364    | 37.25          |
| United Kingdom           | 13,254       | 3,620,392  | 36.61          |
| Denmark                  | 931          | 294,494    | 31.61          |
| Sweden                   | 1,608        | 523,308    | 30.73          |
| Netherlands              | 1,852        | 629,248    | 29.43          |
| Norway                   | 663          | 226,386    | 29.29          |
| Estonia                  | 197          | 75,769     | 26.01          |
| Austria                  | 1,300        | 501,994    | 25.89          |
| Belgium                  | 1,549        | 619,978    | 24.98          |
| Ireland                  | 390          | 156,295    | 24.95          |
| Germany                  | 12,682       | 5,365,255  | 23.64          |
| Portugal                 | 1,054        | 477,505    | 22.07          |
| Finland                  | 565          | 268,280    | 21.06          |
| Slovenia                 | 197          | 96,286     | 20.46          |
| Republic of Korea        | 1,826        | 908,490    | 20.09          |
| Luxembourg               | 38           | 23,513     | 16.16          |
| Poland                   | 2,683        | 1,676,958  | 15.99          |
| Hungary                  | 926          | 670,302    | 13.81          |
| Slovakia                 | 252          | 242,513    | 10.39          |
| Czech Republic           | 547          | 690,800    | 7.92           |
| Turkey                   | 181          | 1,137,560  | 1.59           |

Table 1 Centenarians Rates in 32 OECD Countries
